

Urquhart Park Primary School

SCHOOL CAMPS POLICY

Rationale:

The school's camping program enables students to further their learning and social skills development in a non-school setting. Camps may have a cultural, environmental or outdoor emphasis and are an important aspect of the educational programs offered at our school.

Aims:

- To provide all children with the opportunity to participate in a sequential camping program.
- To provide shared class experiences and a sense of group cohesiveness.
- To reinforce and extend classroom learnings.
- To provide a program that delivers skills and knowledge that may lead to a lifelong involvement in worthwhile leisure pursuits.
- To provide a program that promotes self-esteem, resourcefulness, independence, leadership, judgement, cooperation and tolerance.

Implementation:

- A camp is defined as any activity involving at least one night's accommodation, including sleep overs at school.
- The program will be developed sequentially throughout the school.
- School Council will ensure that all school camps are maintained at a reasonable and affordable cost, and comply with all Department of Education requirements.
- Students will not be excluded from camps simply for financial reasons. Parents experiencing financial difficulty, who wish for their children to attend camp, will be required to discuss their individual situation with the Principal. Decisions relating to alternative payment arrangements will be made by the Principal on a case-by-case basis.
- All families will be given sufficient time to make payments for individual camps. Children whose parents have not paid deposits by the due date, who do not make full payment by the due date, or who have not made alternative arrangements with the Principal will not be eligible to attend.
- Any family who has not met the required alternative payment for a previous camp will be unable to participate in the camping program until the outstanding payment is finalised.
- School camps are an outdoor education activity and as such, are subject to specific planning and approval guidelines.
- School Council is responsible for approval of all overnight excursions; camps; interstate and overseas visits; excursions requiring sea or air travel; excursions involving weekends or vacations; and adventure activities.
- Prior to the commencement of any detailed planning relating to a proposed school camp, the Teacher in Charge must familiarise themselves with the Department's [Safety Guidelines for Education Outdoors](#) website. They must meet formally with the principal, to present the principal

with a [planning summary](#) , to discuss the proposed camp, and to seek 'in principle' support for the event.

- If the principal's approval is granted, detailed planning should commence using the [planning questions](#) proforma as a guide. This must include a [risk assessment](#) and a site visit is recommended.
- The school only uses residential campsites accredited by the 'Australian Camps Association' or the 'National Accommodation, Recreation & Tourism Accreditation Program (NARTA)' for overnight camps.
- Prior to seeking School Council approval for the camp, organising staff are required to meet again with the principal and present him/her with all documentation, including the completed School Council [approval](#) proforma and all attachments, ensuring that time permits for the matter to be placed on a School Council agenda and, if approved, that the online [Notification of School Activity](#) form then be submitted three weeks prior to the activity.
- When presenting information to School Council, the Teacher in Charge must be aware that Council will consider the following:-
 - What is the purpose of the camp and its connection to student learning?
 - Do staff members attending have the competence to provide the necessary supervision of students throughout the camp?
 - Is an appropriately trained member of staff able to provide [first aid](#) ?
 - Have staff members who are not registered teachers completed a Working with Children Check?
 - Is the location of staff and students throughout the camp including during travel known?
 - Is a record of telephone contacts for supervising staff accompanying the camp available?
 - Is a record of the names and family contacts for all students and staff available?
 - Are copies of the [parental consent](#) and [confidential medical advice](#) forms for those students on the camp available at the school?
 - Has a copy of the completed School Council [approval](#) proforma (including all attachments) been submitted and approved?
 - Will the online [Notification of School Activity](#) form be submitted three weeks prior to the excursion?
- Adventure activities are those that involve greater than normal risk such as base camping, bush walking, canoeing, snow activities, orienteering, cycling, horse riding, rock climbing and abseiling, challenge ropes courses, swimming (other than school swimming programs), surf activities, sailboarding, and similar activities. School Councillors may not have detailed knowledge of adventure activities. In such instances organising staff should consult the [adventure activities](#) website, or seek advice from peak bodies or skilled and experienced staff with recent experience instructing the activity to satisfy Council's requirements. [Emergency management plans](#) are to be developed when adventure activities are being undertaken.
- School Council requires that students only travel on buses fitted with seatbelts.
- School Council requires that a report be tabled after each school camp, detailing feedback regarding the event, in particular any mishaps or areas for future improvement.
- Classroom teachers will be given the first option to attend camps.
- The school will provide a mobile phone for all camps.
- A senior staff member will be in attendance at school whilst the children are returning from camp. The Teacher in Charge will communicate with this person in regards to the anticipated return time.

- Volunteers selected to assist with the camps program will be required to undertake a Working with Children Check. The school will pay for any associated costs.
- Volunteers may be required to pay the accommodation and meals cost of the camp.
- While school camps are a team activity requiring the co-operation and common-sense of all participants, it is the Teacher in Charge who oversees the operations of the camp, takes charge of events, makes key decisions and accepts ultimate responsibility for the camp.
- Only children who have displayed sensible, reliable behaviour at school will be invited to participate in the camping program. Parents will be notified if a child is in danger of losing their invitation to participate in a camping experience due to poor behaviour at school. If the unsatisfactory behaviour continues, the child will then be excluded from camp. The decision to exclude a student will be made by the Principal, in consultation with the Teacher in Charge.
- Parents will be requested to collect their child from camp if their child exhibits behaviour that is considered unacceptable or they become unwell. The Teacher in Charge will make this decision. Costs incurred will be the responsibility of the parent.
- The primary references that must be consulted when considering all camps is the Safety Guidelines for Outdoor Education Activities website: <http://www.education.vic.gov.au/management/schooloperations/edoutdoors/default.htm> as well as the Vic Govt Schools Reference Guide 4.4.2.2 – Student Safety & Risk Management.
- This policy should be read in conjunction with the ‘Excursions’ policy.

Bushfires and Control Procedures:

- Pre-activity planning will include consideration of the possible fire risk and potential for bushfire in the relevant location. The camp will be cancelled in the event of a bush fire. Alternatives will be planned to allow for last-minute change in the event of severe fire danger.
- Fires and open fire places will be used in accordance with the requirements of the fire and/or land management authorities.
- Students will be briefed on the safe siting and use of fuel stoves and alerted to the risks associated with open flames in a bush setting.
- The communication strategy will include mechanisms to ensure that the group is alerted to a potential Total Fire Ban or other communications from fire authorities.
- In addition, staff will consider prevailing local conditions and adjust the camp accordingly. Adjustments could include further consultation with the school and/or land management authorities to determine course of action, evacuation, changing location or cancellation of the activity.

Site Safety:

- All safety requirements must be considered and adequately resolved prior to the camp. Telephone numbers of all emergency services must be provided to the school, and be taken on camp. If any swimming activities are to occur, there must be sufficient staff attending with appropriate swimming qualifications to enable safe supervision. Refer: [Safety Guidelines for Education Outdoors](#)
- A designated “Teacher in Charge” will coordinate each camp. All camps will have an experienced teacher in attendance where possible.
- The Teacher in Charge will ensure all students and adults attending the camp are aware of evacuation and emergency procedures. When staying at a residential campsite emergency procedures should be explained as soon as practicable after arrival and a trial evacuation exercise should be carried out immediately to ensure that procedures are appropriate and staff

and students are familiar with them.

- The teacher in charge will communicate the anticipated return time with the school office in the case where camps are returning out of school hours. Parents will be informed prior to students leaving for the camp the anticipated return time.
 - For further ratios refer to 4.4.2.6 of the Victorian Government Schools Reference Guide
- For further information regarding safety please check the policy documents below.

EXPLANATORY NOTES

Dates

Consider how the time of year may impact on the wider school program or the effect of seasonal weather conditions.

Educational purpose and program outline

Whatever you hope the students will learn from the program is its educational purpose. The program overview should give school council a basic understanding of how the program aims to achieve the educational purpose.

For example: A three-day residential camp including bushwalking and orienteering to encourage an understanding of the natural environment; develop team working ability; and, introduce map reading and navigational skills in an experiential way.

The supervision strategy should include the nature and level of supervision provided throughout the excursion or activity. You must consider all programmed and non-programmed periods.

Each different location in must be detailed, including the dates at each location. This will have an impact on transport requirements and the emergency response needs of the program.

Contact land managers to determine if permit or access requirements apply for activities that are conducted on public land or in state/national parks.

Joint excursions with other schools must be approved by each school council. Each school must submit an online notification to the Emergency Management and Security Branch.

Overnight accommodation

This includes all forms of overnight accommodation.

Residential camping is at sites with permanent facilities like dormitories, kitchen, showers, toilets, phones and recreation options.

Residential campsites operated or used by Victorian government schools must be accredited with a Department of Education and Early Childhood Development recognised accreditation provider. Refer to the School Policy and Advisory Guide, [Venue Selection](#) for current accreditation providers.

When using venues that do not require accreditation such as caravan parks, motels/hotels or ski lodges, schools may wish to refer to the accreditation criteria of a recognised accreditation provider when developing their risk management plan.

Provide details of all accommodation being used with your submission to school council.

Transport

Internal transport is provided by school-owned or private, staff-owned vehicles. External transport is transport provided by contractors, parents or other external providers.

The parent consent form should include a statement advising parents if a private vehicle is used as part of the emergency management plan for a camp or excursion.

If a teacher or staff member will be driving students, the program should allow them adequate rest time prior to driving, consistent with the advice on the [transport](#) page of the Safety Guidelines.

Give careful consideration to securing equipment during transportation, including equipment on trailers, roof racks and inside vehicles.

Supervising staff

A [Working with Children Check](#) is required for staff members who will supervise students and who are not registered teachers. This does not apply to parent volunteers whose child is participating in the activity/excursion.

Appendix C

Guidelines for teachers planning a camp

1. Introduction

Camps need to be planned well in advance and should relate to the curriculum being taught.

Students and their parents should be provided with information about the program's educational objectives, the nature of the activities, clothing requirements, the venue and costs well in advance.

Prior to single day excursions in which students leave the school grounds for the purpose of engaging in educational activities, the approval of the principal must be obtained.

School Council is responsible for the approval of:

- overnight excursions
- camps
- interstate and overseas visits
- excursions requiring sea or air travel
- excursions involving weekends or vacations
- adventure activities

Before approving an excursion, consideration by the principal and/or School Council needs to include:

- the contribution of the activity to the School curriculum
- the adequacy of planning, preparation and organisation
- the provisions of the safety and welfare of students and staff
- the experience and competence of staff relative to the activities being undertaken
- the adequacy of student supervision
- the cost

A parent must provide written consent for their child to take part in an excursion. Parents asked to sign consent forms must be given sufficient information about the nature of the proposed activity, the risks involved and the degree of supervision.

Parental consent is required for the following reasons:

- to authorise the school to have the student in its care after normal school hours
- to authorise the school to take the student out of the school environment
- to alert the school to any medical condition or allergies of the student
- to authorise the school to consent to emergency treatment for the student
- for the parent to consent to any financial cost of the excursion
- for the parent to consent to the student being sent home in the event of any serious misbehaviour

Consent forms are to be taken on the excursion by the teacher in charge, and the designated school contact person should hold a list of participants, a copy of the consent forms and contacts in case of emergency.

In addition to any teachers employed by the DET or the School Council, excursion staff may include other adults on a volunteer or paid worker basis, such as parents, school services officers, community members, campsite staff and trainee teachers.

School uniforms **must** be worn on all school excursions except whenever specialised clothing is a requirement, e.g. snow trip.

Only students who display sensible and reliable behaviour at school will be taken on camps and excursions outside the school.

Sensible and reliable behaviour at camps and excursions will be expected at all times. ***Students can be sent home if their behaviour warrants a severe consequence.***

2. Planning

Forward planning takes into consideration whole school demands and must ensure that the normal school program is not consistently disrupted.

Planning should include:

- a clear aim
- costing – transport, admission, etc (the costing must be realistic in terms of the nature of the experience and the resultant learning outcomes)
- the opportunity for payment in advance, by instalments or lump sum payment may be offered to parents
- staffing needs
- pre-visit if venue is new/unknown
- consideration of children whose parents may not be able to meet costs
- excursion book maintained for evaluation of the camp/excursion for future planning
- excursion approval forms to be completed and handed in one week prior to the activity
- arrangements for covering camp staff classes while they are away from school

3. Preparation

Preparation for any activity should include:

- quotes for transport
- booking of transport
- confirmation time for departure and return
- informing specialist teachers, parent helpers, area coordinator
- informing parents attending activity on discipline procedures
- preliminary classroom activities
- collection of monies
- arrangement for school cheque
- medical information, precautions and First Aid kit

Appendix D

Notification of School Activity (camps)

School councils are responsible for ensuring that the activities listed below are thoroughly planned, checked and documented in accordance with Department of Education & Training guidelines for the planning and conduct of camps, excursions and outdoor adventure activities.

If comprehensive information is required during an emergency, schools will be expected to provide it at any time of the day or week from the documentation prepared for the activity which is held by the school.

Relevant details about School Council approved camps and excursions must be entered into the DET database using the online notification form available at:

www.eduweb.vic.gov.au/forms/schools/sal/enteractivity.asp

This notification should be provided three weeks prior to commencing the activity.

- overnight, weekend, interstate, overseas activities
- adventure activities
- non-adventure activities which, by their nature, location or timing, may be hazardous
- School closures, pupil free days, combined sports or cluster days

Notes:

1. An additional sheet listing the actual dates and locations of activities should accompany this form when the same activity is to be repeated on different occasions.
2. The coordinating school should complete the form for activities involving a group of schools.
3. Day excursions should be reported if activities are to be conducted by:
 - country schools - beyond the local town/city
 - rural schools - beyond the local area
 - metropolitan schools - beyond the greater metropolitan area
